

ECOPLUS

ECOPLUS SECTIONS

STANDARD ECOPLUS SECTIONS

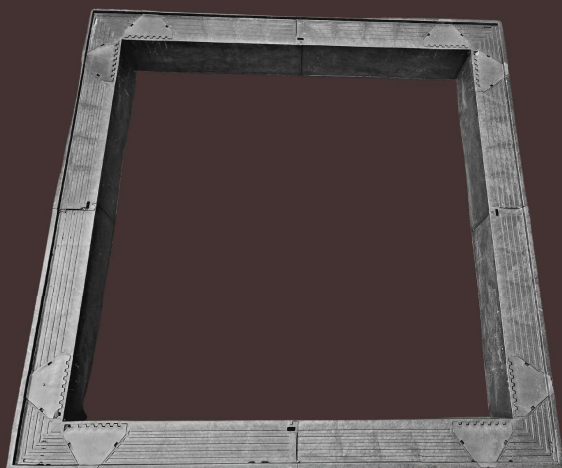

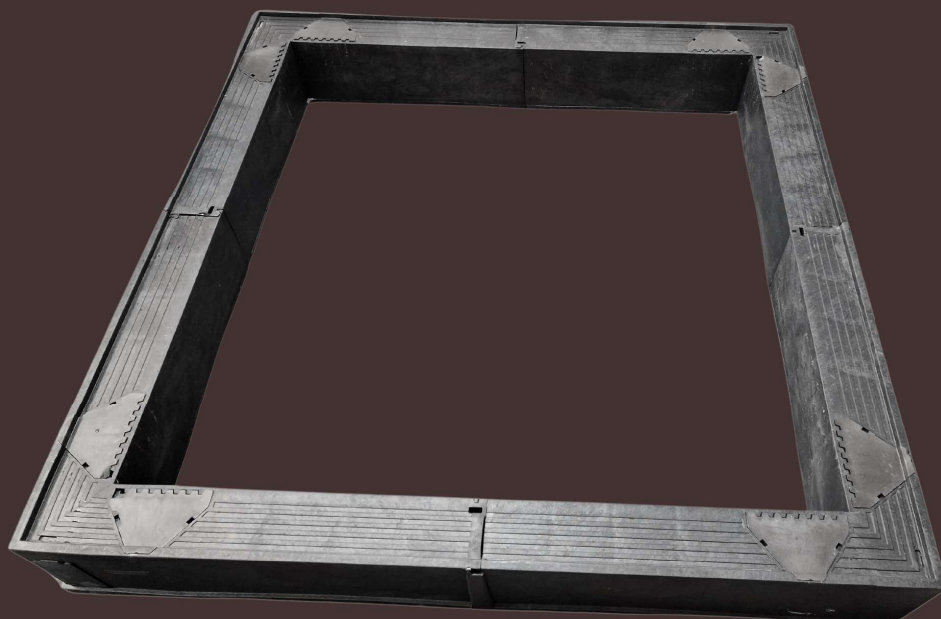

EcoPlus chamber rings offer higher loading properties and are popular for applications including PRV and PMVs (1200x675mm), and are made with larger chamber applications in mind. The range is wide, offering flexibility and suitability for most applications, from 900x450mm up to 1500x1500mm, all rings 150mm in depth.

The EcoPlus range comprises versatile, robust, consistently high quality, lightweight, and eco-friendly modular manhole sections. These have advantages over traditional concrete sections in terms of health and safety, handling, transport and assembly expenses, being recyclable and being made from recycled materials,

STEEL REINFORCED ECOPLUS SECTIONS

All EcoPlus chamber rings can also be supplied with steel reinforcing, so depending on the side wall and compression loading requirements of your particular chamber, the ring configuration could be a combination of EcoPlus rings with and without steel reinforcement. Please discuss your specific requirements with Pennine.

The steel reinforcing fits inside the walls of the sections, making for easy storage, handling and transport. Our range of composite lids fit perfectly into Ecolite and EcoPlus chambers.

PRODUCT CODE	PRODUCT NAME	WEIGHT (KGs)	NO. PER PLT
MEP9045S	900x450x150mm EcoPlus +Steel Reinforcing	23.69	28
MEP9060S	900x600x150mm EcoPlus +Steel Reinforcing	25.45	16
MEP9068S	900x675x150mm EcoPlus +Steel Reinforcing	26.29	16
MEP9075S	900x750x150mm EcoPlus +Steel Reinforcing	27.22	13
MEP9090S	900x900x150mm EcoPlus +Steel Reinforcing	29	13
MEP10068S	1000x675x150mm EcoPlus +Steel Reinforcing	27.66	16
MEP100100S	1000x1000x150mm EcoPlus +Steel Reinforcing	32.26	12
MEP12045S	1200x450x150mm EcoPlus +Steel Reinforcing	27.78	20
MEP12060S	1200x600x150mm EcoPlus +Steel Reinforcing	30.06	16
MEP12068S	1200x675x150mm EcoPlus +Steel Reinforcing	30.9	16
MEP12075S	1200x750x150mm EcoPlus +Steel Reinforcing	31.83	16
MEP12090S	1200x900x150mm EcoPlus +Steel Reinforcing	34.13	17
MEP120120S	1200x1200x150mm EcoPlus +Steel Reinforcing	38.74	12
MEP13060S	1300x600x150mm EcoPlus +Steel Reinforcing	31.43	15
MEP13085S	1300x850x150mm EcoPlus +Steel Reinforcing	35.09	17
MEP13090S	1300x900x150mm EcoPlus +Steel Reinforcing	35.9	17
MEP15060S	1500x600x150mm EcoPlus +Steel Reinforcing	34.67	16
MEP15075S	1500x750x150mm EcoPlus +Steel Reinforcing	35.92	16
MEP15090S	1500x900x150mm EcoPlus +Steel Reinforcing	38.2	17
MEP150120S	1500x1200x150mm EcoPlus +Steel Reinforcing	42.79	19
MEP150150S	1500x1500x150mm EcoPlus +Steel Reinforcing	47.4	12
MEP180120S	1800x1200x150mm EcoPlus +Steel Reinforcing	47.4	12
MEP200200S	2000x2000x150mm EcoPlus +Steel Reinforcing	61.58	12
